Personalised care

Our dedicated and well-trained team support our residents 24 hours a day, seven days a week with personal care, medication management and hotel services. Residents also receive specialist support from allied health professionals. We encourage residents to use their current General Practitioner (GP), however our team can assist you to locate another GP who regularly visits.

For residents living with dementia, we have weekly visits from our Dementia Services Team who assess and review residents. They work closely with family members and staff to develop a personalised support plan, to ensure the resident is comfortable and happy in their surroundings.

In addition, we also offer High Dependency Unit (HDU) care, which supports residents living with a mental health diagnosis. Residents are admitted through mental health services to the HDU.

Common areas

Residents can enjoy view of the garden or socialise in the large dining and living rooms, which are comfortably furnished and air-conditioned. Residents and visitors are welcome to use communal areas, gardens and the kitchen facilities to make tea/coffee. We also have an activity room, hairdresser and a large screen TV with DVD player. The on-site chapel provides a place for quiet reflection.

Our outdoor space includes a garden area where residents can participate in gardening activities, and a covered patio and BBQ area residents can use all year round.
